

Ralph Daren Aquino

000-000-0000 | aquino.ralphdaren@gmail.com | Winnipeg, Manitoba | github.com/raquino5

PROFILE

- Junior Web Developer with a strong foundation in front-end design and full-stack web development, combining technical skills with a passion for creating engaging, responsive, and user-friendly web experiences.
- Proficient in HTML, CSS, JavaScript, and React, with working knowledge of PHP and SQL for dynamic content and back-end integration.
- Experienced in optimizing pages for performance, responsiveness, and accessibility, and applying UI/UX principles to enhance usability and conversion.
- Currently enrolled in the Full Stack Web Development Diploma at Red River College Polytechnic, continuing to develop advanced skills in front-end and back-end web technologies.

EDUCATION

Full Stack Web Development

Red River College Polytechnic

January 2025 - Present

Winnipeg, Manitoba

- Building full-stack applications that demonstrate responsive design and clean, maintainable code.
- Collaborating on projects using Git and GitHub for version control and workflow efficiency.
- Applying UI/UX design principles and front-end best practices in simulated real-world projects.

BS Computer Science

University of the Philippines

May 2023 - October 2023

Los Baños, Laguna, Philippines

- Completed coursework in algorithms, database management, and programming fundamentals.
- Gained foundational knowledge in software engineering and web application development.

ACADEMIC PROJECT

Content Management System Project

Web Development 2 | Red River College Polytechnic

August 2025

Manitoba, Winnipeg

- Built a PHP-based CMS supporting user authentication, role-based access control, and CRUD (create, read, update, and delete) operations.
- Integrated MariaDB for dynamic content rendering and tested database operations for reliability.
- Collaborated with colleagues using GitHub to track changes and debug issues, ensuring a fully functional and well-documented outcome.

UI & UX Front-end Web Design

Web Development 1 | Red River College Polytechnic

April 2025

Manitoba, Winnipeg

- Designed and implemented a multi-page responsive website prototype using HTML and CSS.
- Applied user-interface and user-experience principles such as visual structure and consistency to improve usability.
- Produced clean, maintainable code that followed best practices for layout and accessibility.

EXPERIENCE

Crew Member

McDonald's

September 2025 - Present

Manitoba, Winnipeg

- Gained teamwork, problem-solving, and time management skills in a fast-paced environment.
- Developed strong attention to detail and reliability, transferable to coding and testing workflows.

TECHNICAL SKILLS

- Front-end: HTML, CSS, JavaScript, React
- Back-end: PHP, SQL (PostgreSQL, MariaDB), Query Optimization
- Tools & Version Control: Git, GitHub, VS Code

ADDITIONAL TRAINING

- Python for Data Analysis (Self-Study): Practiced using pandas for data cleaning, joins, aggregations, and performance optimization.
- Git & GitHub Workflow (Self-Study): Learned version control best practices, including branching and collaborative workflows.
- Linux Command Line Basics (Self-Study): Gained experience navigating file systems, writing shell scripts, and automating basic tasks.
